

Message from Mrs Millsop:

Year 6 have enjoyed a successful trip to Pencelli in Wales this week; caving, canoeing and climbing. They have learnt new skills and enjoyed new experiences. The Pencelli staff enjoyed working with the children too. We thank the St Francis staff who have given of their time freely to accompany the children on this trip and made it possible.

Thank you too to the parent helpers who walked with Y1 to the Church yesterday which means that children had first hand experience to support their learning of what is in a church. Today Reception children have talked to the fire service and have explored a fire engine as part of their 'people who help us' learning. Enriching experiences such as trips and visits are part of the school development plan this year and are vital to bring learning to life.

News

Staff News: Yesterday we had an unannounced visit from EHO to the Kitchen. Chef Kath achieved 5 stars and no recommendations for the health and hygiene of the kitchen. Huge congratulations to the Kitchen Team!

PTFA: Last Saturday was the Model train Event organised by the PTFA in conjunction with Mr Gage. Thank you all for supporting and helping out. It was a wonderful community event and raised money for books in school. Thank you Mr Gage and the PTFA.

SUMMER: This week we glimpsed warm sun! Children must have a named hat in school for lunchtime and PE. We would ask for named bottle of sun-screen which they can apply themselves too.

Values: SERVICE

This week is Mental Health Awareness week. We explored what good mental health is and that talking about big feelings is good way of looking after our mental health. We talked about how we could be of service to one another by listening to each other when we have big feelings. We learnt that Christians believe that Jesus was a really good listener as explained in our song, 'My Lighthouse.'
